GRAND CAFE

The signature design elements in the restaurant are inspired by the golden era of Art Deco. Bold brass elements, quartzite stone, walnut wood and handmade tiles are thoughtfully presented throughout the venue, accented by contemporary custom Italian chandeliers and rich velvet curtains draped from six meter tall columns. Exposed ceilings, concrete flooring and columns evoke a feeling of raw authenticity in the space; a bold combination unlike any other venue in Dubai.

Led by Executive Chef Matthis Grosjean, with his accomplished portfolio including three Michelin-starred restaurants in France, such as Epicure by Eric Frechon in Le Bristol Hotel Paris and L'Auberge by Paul Bocuse in Lyon. Designed for the sophisticated palates of the Downtown crowd, the ethos of the F.R.N.D.S. cuisine concept is simple yet refined, utilising only wild fresh seafood and the finest cuts of meat.

Our Head Pastry Chef Mr Kevin Jouhier proudly presents a carefully selected assortment of classic French Patisseries & A La Carte Desserts.

With Japanese cuisine also playing a major role in the F.R.N.D.S. culinary DNA, Chef Adel brings over 20 years of culinary experience from acclaimed Japanese venues such as Nobu.

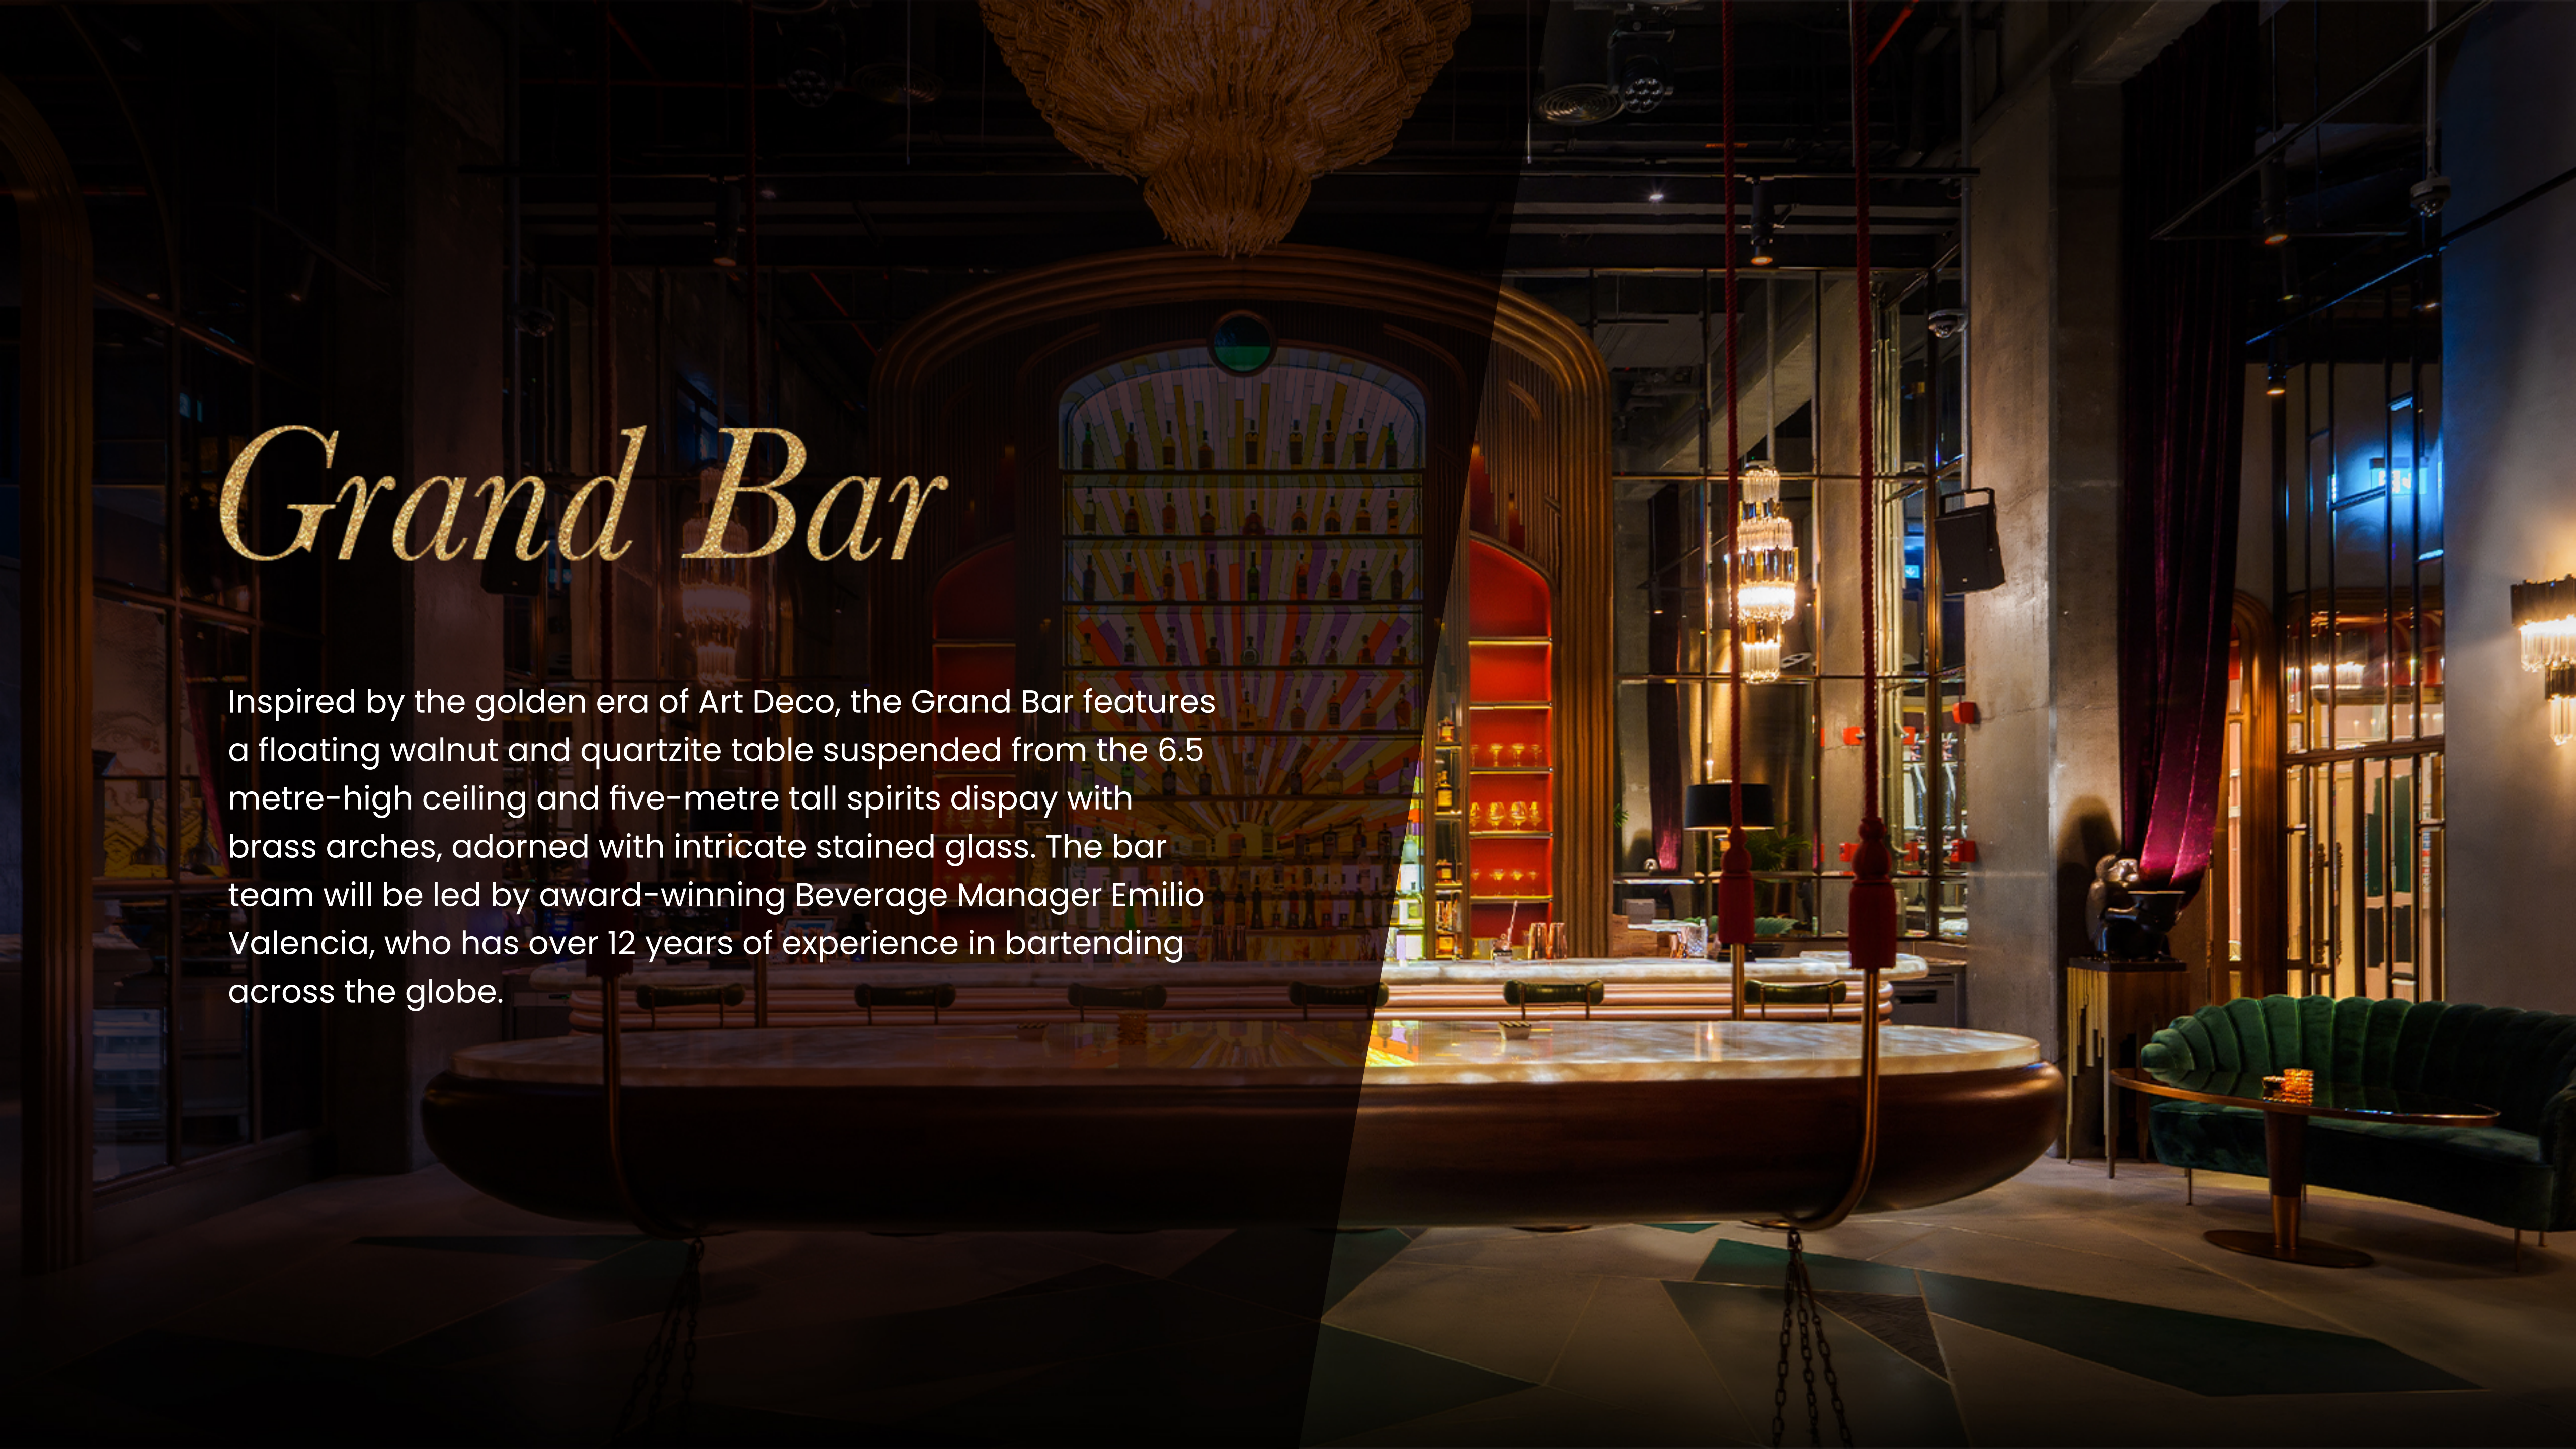

Private Dining

The glass-enclosed private dining room situated between towering five-metre tall wine chillers is available for discerning guests after a more intimate setting.

Grand Bar

Inspired by the golden era of Art Deco, the Grand Bar features a floating walnut and quartzite table suspended from the 6.5 metre-high ceiling and five-metre tall spirits display with brass arches, adorned with intricate stained glass.
